Dear Boistfort Resident High School Students and Families,

Boistfort School District is creating an exciting option for high school students in the form of an online school. Our goal is to provide an important option for students, but at the same time, not take away the past practice of opportunities for our students to attend neighboring schools for a traditional high school experience. I know many of our students attend WF West in Chehalis or Adna High School when they have left Boistfort, and we plan to continue this partnership with these neighboring schools as we move forward with Boistfort Online School, including transportation.

Included in this envelope is a choice form that will need to be completed and returned to Boistfort School District. We will happily sign off on your student so they can continue to attend the high school that they have been attending.

If you have any questions or concerns, please don't hesitate to contact the school and we will be happy to help walk you through this process. Thank you for your continued support of Boistfort School District as we continue to serve this amazing community!

Sincerely,

Neil Varble
Superintendent
Boistfort School District
